

# Year 10 - Drama

## How to revise Drama:

Reread Blood Brothers and visualise it in performance. What would you do? How would you say that? How would you stand? Etc.

Watch it on YouTube (the old but quality professional acting versions) and consider (evaluate) performance choices, stage placement, set and props, sound and lighting, etc.

Use flashcards of theatre responsibilities or stage types/placements. Can you name the role of the person who is responsible for different jobs within a theatre setting, have the answer on the back of the card so you can check your knowledge. Easy revision for travelling, while brushing your teeth or for a spare 5mins

Practise exam timings. Use my example questions to create your own; just change the line or character or scene or purpose and apply the same format of the question.
