

Year 10 Mock Revision List – Geography

How to revise Geography:

1. RAG rate the revision list opposite; red for areas of weakness, amber/yellow for areas you feel 'okay' in, and green for areas you feel confident in.
2. Choose one of your weak topics to focus on using the revision list.
3. Using the knowledge organiser, make some Q&A flashcards for this topic. Alternatively, you can look/cover/ write/ check.

Additional Information:

You will be expected to:

- Read and complete maps and graphs
- Use geographical terminology confidently
- Describe and explain processes and concepts

Revision List:

Paper 1:

This paper will have two sections.

Section 1: Pre-Release

You will be required to complete a section in the mock called 'Issue Evaluation'. This section is based on a pre-released booklet of information which we will be spending a weeks' worth of lessons going through. You will be given a copy of this pre-released booklet in lesson and I will send you a copy of this electronically via EduLink. You will then be asked about this booklet in the mock. The pre-released booklet is about the Peruvian rainforest.

IMPORTANT - You WILL have a copy of the pre-released booklet in the mock exam meaning there is no need to memorise any of the information in it.

Section 2: Unseen Fieldwork

We will be doing lots in lesson before the mock exam in order to prepare for this. You have completed similar questions in AP1/2.

- Completing graphs e.g. pie charts
- Types of sampling
- Types of data collection
- Adapting data collection methods to improve data collection
- Mean, mode, median – how to calculate them and if/why are they useful

Revision List:

Paper 2:

Part 1

- Rural-urban migration
- Sustainable urban living
- Urban sprawl
- Types of pollution
- Challenges created by urban growth in Rio (our LIC/NEE city)
- Development
- Uneven development
- Causes of uneven development
- Nigeria – our LIC/NEE country and its social and cultural background
- Nigeria's changing trading relationships
- Methods to reduce the development gap e.g. Aid
- Areas of population growth and decline – South Cambridgeshire (growth) and Outer Hebrides (decline)

Part 2

- Plant adaptations in the tropical rainforest
- Deforestation – causes and impacts
- Sustainable management of the tropical rainforest e.g. ecotourism
- Hot deserts – challenges and opportunities
